**ARNOLD AND DISTRICT  
CAMERA CLUB**

This is the Club's 25th year so look out for our anniversary booklet.

The aim of the Club is to promote photographic interest within our area with a series of lectures, demonstrations, competitions and practical sessions.

We are a friendly crowd encompassing a range of skills and experience to share with all members. We recognize that everyone approaches their photography in different ways and ultimately develop their own unique style. To this end we can and should continue to learn from each other.

The Club is a valuable source of both information and equipment to help you expand your photographic skills. Projectors, screens, studio lighting and books are available for the use of our members.

This year we have been successful in obtaining lottery funding through Awards For All which has helped us to purchase vital equipment to learn about and promote digital photography.

Members also have access to professional processing at discounted rates.

Do look out for our Annual Exhibition during March and April in the local Arnold Library that will show you the broad range and styles of our members.

So, whatever your style, choice of subject and choice of equipment you will find that Arnold and District Camera Club has everything you need.

You are welcome to come and sample our distinctive style at any of our meetings. So do try us at The Pond Hills Lane Community Centre, Pond Hills Lane, (off the lower part of Coppice Road) Arnold. Aim to arrive between 7:30 and 7:45pm. Meeting events run from 8:00 till 10:00 pm with a short tea/coffee break.
